

For the next project, you will research a local treatment facility. (Stay within California.)

1. Find a treatment facility, research it either online or in person. You may find some of the information needed on their website, but you will have to call or visit as well.
2. Write a summary of your research. (**one-page, TYPED**)
3. Include:
 - a. What you learned about the facility
 - b. What disorders/problems they focus on
 - c. Their treatment style
 - d. Any other relevant information (capacity, insurance accepted, visiting procedures, typical length of stay...)

A copy of your research (**pamphlets, website information, business card, etc...**) must be submitted to me with your write-up.

DUE AT THE START OF CLASS on Thursday, May 23.
